

Dear Shuu-Jiun

Thanks for a most enjoyable and fruitful trip to Taipei. I enjoyed every minute thanks to the incredible hospitality shown to me. I have already thanked Juliana. Please give my greetings and thanks to all those who contributed to make this trip so delightful. I was impressed with the high quality of questions after my talks. No doubt the level of Taiwanese neurology and headache science in particular is very high. I look forward to our continued collaboration around headache classification and other themes. I am going to send my travel docs in just a few days. Just back last night from holiday in Turkey.

Warm personal regards

Jes
